

Bison Legend Wrestling has partnered with AdvoCare to offer Elite Level Nutrition.

There is no doubt that proper nutrition will help wrestlers maximize their training to become the best and we understand that parents want what is best for their kid's health. Here are three reasons why we have decided to offer AdvoCare products.

Safety: Safety is the first consideration for every AdvoCare product. Each product is backed by more than 270 years of combined experience and expertise from the Scientific & Medical Advisory Board.

Testing: AdvoCare tests more products for banned substances than any other company in the world. AdvoCare tests for over 200 banned substances through an international unbiased testing lab called Informed Choice.

Effective: AdvoCare has hundreds of professional, world and Olympic athletes (including many wrestlers) that are non-paid Endorsers. They endorse the AdvoCare products because they know that the products work and that they are safe.
